

**REGISTRATION PROCEDURE FOR CAR MANUFACTURERS
IN THE FIA FORMULA E CHAMPIONSHIP
Seasons 5, 6 and 7**

1. PREAMBLE

The FIA Formula E Championship (“The Championship”) is designed to be the flagship of the FIA’s sustainable strategy and the objective is to develop a multi-brand Championship.

All Manufacturers capable of respecting the terms and conditions set out below shall be allowed to propose a Car for seasons 5, 6 and 7, by completing the attached form and returning it to the FIA by email (address: fepinos@fia.com).

Any registration made during the cycle (the cycle being seasons 5, 6 and 7) will grant the right to supply cars for the years remaining in the cycle only.

A detailed description and any supporting documentation setting out all the relevant qualities and specifications of the Car proposed, together with evidence that it would be in compliance with the requirements set out in the Sporting and Technical Regulations as well as with the Safety Requirements, must be appended to the form.

2. DEADLINES

Manufacturers interested in proposing their Car as of the relevant sporting season are invited to send a proposal by:

- Season 5: 1 February 2017
- Season 6: 15 November 2018
- Season 7: 15 November 2019

All Manufacturers proposing a car must make themselves available for possible meetings with the FIA to be held:

- Season 5: during the month of February 2017
- Season 6: between the two last weeks of November 2018 and the two first weeks of December 2018
- Season 7: between the two last weeks of November 2019 and the two first weeks of December 2019

On receipt of the form and after assessment of the proposals, the FIA will send confirmation of registration to the Manufacturers concerned by:

- Season 5: 28 February 2017
- Season 6: 15 December 2018
- Season 7: 15 December 2019

The registration will, however, only be valid and finalised if the Car is homologated by the FIA. Given the technical developments foreseen, homologations will remain valid for one sporting season only.

A list of the registered Manufacturers will be made available to the parties concerned.

3. PROCEDURE

The FIA reserves the right, at its sole discretion:

- to allow Manufacturers other than those identified within the framework of this procedure to supply Cars in the Championship, following a similar process;
- to change any aspect of this procedure at any time, to issue an amended procedure, to cancel the procedure or to provide the Manufacturers with clarification in relation to the procedure. Any such change, amendment or clarification may be issued by the FIA in such form as the FIA considers appropriate.

Nothing in this procedure or any communication from the FIA or its representatives or employees shall constitute a contract between the FIA and any Manufacturer. The FIA shall be under no obligation to accept any proposal submitted.

4. GENERAL CONDITIONS

4.1. GOVERNING RULES

4.1.1 The Governing Rules constitute the legal, administrative and technical framework of the Championship and comprise:

- (a) the International Sporting Code and the Appendices thereto;
- (b) the General Prescriptions applicable to all FIA Championships, Challenges, Trophies and Cups and their qualifying Competitions;
- (c) the Sporting Regulations;
- (d) the Technical Regulations;
- (e) the Code of Ethics;
- (f) the Judicial and Disciplinary Rules;
- (g) any other regulations applicable to the Championship communicated in writing to the Manufacturer.

4.1.2 The Manufacturer acknowledges that the Governing Rules are subject to amendment from time to time. The Manufacturer will be responsible (at its own cost) for all research and development associated with the manufacture of the Cars.

4.1.3 The Manufacturer is aware that the FIA has selected single suppliers for the batteries and the chassis in the Formula E Championship and that the Manufacturer will have to enter into contract with both the single suppliers selected.

5. SUPPLY CONDITIONS

5.1. Each Manufacturer must be capable of supplying a number of Cars in compliance with the Sporting Regulations plus two full spare part kits according the catalogue, to a minimum of two Competitors for the first season of registration and then three Competitors for the subsequent seasons.

5.2 All Competitors wishing to contract with the Manufacturer must do so by 28 March of the relevant year at the latest.

5.3 The Manufacturer undertakes to supply the Cars, ready to race and in conformity with the conditions defined in Article 8.4 and 8.5, at no more than the proposed price (as specified on the pricing form, Appendix I).

5.4 The price of the Car, ready to race, including the powertrain, shall not exceed €800,000 (eight hundred thousand euros) ex-works.

5.5 The decision to lease the Car is at the discretion of the Manufacturer. Should the Manufacturer decide to lease the Car, it should lease it at no more than the proposed price (as specified on the pricing form).

6. LIABILITY

6.1 Each Manufacturer shall indemnify the FIA from and hold it harmless against all reasonably foreseeable losses incurred by the FIA as a direct result of the Manufacturer's:

- failure to supply Cars of the requisite quantity;
- failure to supply Cars of the requisite quality;
- negligence in the supply of the Cars.

The Manufacturer represents and warrants that it is in a position to meet any liability that may arise under clause 3.1 and hereby covenants to maintain such position for the period of time during which the Supplier may be liable.

6.2 The liability towards the FIA defined in clause 3.1 does not exempt the Manufacturer from the guarantees it will have to provide to the Competitors it is supplying.

7. ADMINISTRATIVE FEE

Each Manufacturer applying for registration shall pay to the FIA a non-refundable fee of €150,000 (one hundred and fifty thousand euros) to cover the administrative costs.

8. TECHNICAL CONDITIONS

8.1 The Manufacturer must supply Cars that are in compliance with the Sporting and Technical Regulations.

8.2 A Technical Working Group consisting, among others, of the selected Manufacturers of Cars who are in the process of applying for an homologation or have an homologated Car in the Championship will work on the evolution of the Technical Regulations.

8.3. The Manufacturer acknowledges that the Technical Specifications and other Governing Rules are subject to amendment from time to time. The Manufacturer will be responsible (at its own cost) for all research and development associated with the manufacture of the Car, including any changes to the Car to be supplied that may be necessitated by any amendment to the Technical Specifications or the Governing Rules.

8.4 The Manufacturer undertakes that all the Cars it supplies to the Competitors will be of equivalent quality and performance. At the first competition of the Championship, Cars supplied to the Competitors must be the same in all technical aspects.

8.5 The Manufacturer undertakes to supply and make available all necessary spare parts for the Competitors to guarantee their participation in each Competition.

8.6 At least one senior representative of the Manufacturer shall be available on-site throughout the duration of each Competition of the Championship.

8.7 Yearly procedure and deadlines for Car homologation:

- 1 February: deadline to submit official request to the FIA using H1 Form (Appendix II)
- 1 March: appointment for presentation of project to the FIA during a specific meeting (car, powertrain)
- 1 April: completed document for procedure regarding safety structures
- 1 May: presentation of the initial draft of the Homologation Form (with specific drawings attached in accordance with the FIA's request from the previous meeting)
- 1 June:
 - o tests on safety structure and tests on battery pack
 - o presentation of a final draft of the Homologation Form
- 1 July: homologation inspection
- 1 August: approval of the Homologation Form

8.8 Private testing regulations

- The maximum number of test days is set at 15 and must be declared to the FIA seven days prior to testing (see declaration form in Appendix III).
- A Manufacturer providing more than one Competitor is authorised to conduct seven additional test days, with the same chassis and the same battery as during the other test days.
- Only the Manufacturers registered with the FIA are authorised to carry out these test days.
- The FIA may decide to grant additional test days to the Manufacturers.
- Tests are authorised between 1 January and 1 September.
- Tests must be carried out with just one Car and just one battery, with the FIA logger.
- These tests may not be carried out with a Car that has already been homologated.
- The official tyre manufacturer will provide one set of race tyres per testing day.
- These tests must not take place on any circuit used by the Championship.

8.9 Promotional events regulations

- The Manufacturer is permitted up to 3 promotional events, to a maximum distance of 50 km per event.
- Promotional events must be declared to the FIA fourteen days prior to the event (see declaration form in Appendix IV). In the event of cancellation of the registration, the FIA must be notified 48 hours prior to the planned start of the event.

9. TECHNICAL SPECIFICATIONS

9.1 The Manufacturer must supply Cars that strictly comply with the Technical Specifications referred to in the Technical Regulations.

9.2 Major technical developments of the Cars are anticipated in the coming years. The Manufacturer undertakes to make all necessary adaptations as required by the technical evolutions.

10. PRODUCTION DATES

At least the first Car must be supplied to the Competitors by 15 August of the relevant year at the latest.

11. DEFINITIONS

Car has the same meaning as that term when used in the Sporting and Technical Regulations.

Catalogue: the car catalogue is intended to facilitate the search for the parts that are contained within the complete vehicle. The catalogue is a database which describes all the parts available for the vehicle. It is intended to be used to identify the parts described in the exploded view drawings and to facilitate the search for and locating of these parts.

Championship means the relevant season(s) of the FIA Formula E Championship:

- season 5 (2018-2019),
- season 6 (2019-2020), and
- season 7 (2020-2021).

Competition means any race forming part of the Championship registered on the International Sporting Calendar of the FIA for any year, commencing at the scheduled time for scrutineering and administrative checks and including all practice, qualifying and the race itself and ending at the latest time for the lodging of a protest under the terms of the FIA's International Sporting Code.

Competitors means the racing teams that have been accepted by the FIA to take part in the Championship.

Cycle: means the period from seasons 5 to 7 inclusive.

FIA means the Fédération Internationale de l'Automobile, which is the sole organiser of the Championship.

Manufacturer means the entity which supplies Cars to the Competitors in the Championship. The Manufacturer must own either full or partial Intellectual Property rights over the electric components of the powertrain, or an exclusive licence for these components for the Championship. The Manufacturer must own full intellectual property rights to all structural casing(s) from the rear face of the battery safety cell (or rear face of the survival cell), to the front face of the rear impact absorbing structures and gearbox (casing and ratio(s)).

Sporting and Technical Regulations means the Championship Sporting and Technical Regulations as published and amended by the FIA from time to time in accordance with its statutes and regulations. As an example, please refer to the applicable regulations available on the FIA website.

FEDERATION INTERNATIONALE DE L'AUTOMOBILE

**FORM TO BE RETURNED TO THE FIA BY ANY MANUFACTURER
INTERESTED IN SUPPLYING CARS IN THE
FIA FORMULA E CHAMPIONSHIP**

ALONG WITH ALL PAGES OF THIS DOCUMENT INITIALLED
